

**A** Two-species competition model with harvesting  
(analysis using species 2, embedding dimension: 2)

**B** Two-species predator-prey model  
(analysis using species 2, embedding dimension: 2)

**C** Three-species competition model  
(analysis using species 2, embedding dimension: 3)

**D** Three-species competition model  
(analysis using species 3, embedding dimension: 4)
